Can you take care of this for me?

Thanks!

Subject: GB East Remaining Signage/Posters

Dan,

John mentioned at our meeting this morning that there are two types of remaining signs at Green Bay East at the Boys & Girls Club

- 6 framed posters at GB East—frames are really nice—two-sided glass
- Exterior signage on metal posts

Would it be possible for facilities to remove and return these to the campus in case they could be reused in any way? Ben Perkovich: bperkovich@bayandlakes.org is our contact in case you do feel this is something facilities could handle. You could copy John Grant on the email, or I can send the email and copy John on it. Just wondering your thoughts on it.

Thanks,

Jennifer
